Hi there Ahelia — Great company bio especially of the office manager! :) Please see the files and please provide a quote for 2 prints of EACH of the 2 files. Color: Black Material: I'm not familiar with 3D print material or what you have but if there is an option for a more pliable and less brittle material, that would be preferred! But no big deal there. Thanks so much and I look forward to hearing back soon! —Rob P.S. I'm a north shore local and happy to drive down to SLT & meet you to pick up my prints.
